

Company Overview

Tactical Solutions Group

Who We Are

- Tactical Solutions Group, Inc. (TSG) is a Florida-based communications company which has the discriminating capability to design and integrate interoperable communication systems which are open sourced and not ITAR controlled.
- The TSG team possesses more than 50 years of experience in service to global military and government organizations worldwide
- The TSG team designs, builds, trains & fields multi-domain communication platforms
 - Facilitates seamless, secure & interoperable comms across different domains: radio, satellite, 5G, cellular, blockchain and non-RF communications, IoT, and cloud with ability to add quantum level cryptography
 - Combines legacy analog systems with advanced digital technologies to maximize security, efficiency and resiliency through use of closed-end systems
 - Manufactures these multi-domain solutions when off-the-shelf combinations are not available
 - Trains end users as required to ensure efficient operations
- TSG serves both commercial and government customers
